

SHAHV 2017 Spring Conference

Childhood Apraxia of Speech

Using A Multi-Sensory Approach for Childhood Apraxia of Speech and Speech Sound Disorders

Strategy-Rich and Video-Enhanced

Presented by: David W. Hammer, M.A. CCC-SLP

Date: Saturday April 1, 2017

Time: 8:30 am - 4:00 pm

**Where: Best Western Plus
503 Washington Ave
Kingston, NY**

Course Description:

This hands-on, practical, therapy-rich presentation will focus on strategies for therapists that facilitate verbal communication for children with apraxia of speech and speech sound disorders. An overview of evaluation considerations and how they relate to therapy decision-making will be presented. The majority of the presentation will be intervention-based, with a wide range of therapy ideas described. A multi-sensory approach to therapy will be detailed. Extensive videos of children in therapy will be used to highlight strategies and suggestions for parent/caregiver carryover outside of the therapy setting.

Presenter: David W. Hammer, M.A. CCC-SLP PA Certified and Licensed Speech Language Pathologist

David Hammer is the Director of Professional Development and Speech Services for the Childhood Apraxia of Speech Association of North America (CASANA). Prior to this position, Dave had 35 years of pediatric clinical experience at Children's Hospital of Pittsburgh, PA with specialty interests in childhood apraxia of speech and speech sound disorders. He has been invited to present workshops on childhood apraxia and speech sound disorders throughout the United States, Canada and Australia. Dave was a member of the ASHA Ad Hoc committee on childhood apraxia of speech. He has been involved in the production of a number of apraxia-related DVD's and an innovative children's CD. Dave is known for his practical and therapy-rich presentations.

Course Objectives and Learner Outcomes

At the end of the workshop, participants will be able to:

- List three effective multi-sensory therapy strategies for children with CAS and severe speech sound disorders.
- Describe three critical factors in early target selection.
- Outline three therapy activities for repetitive practice.
- Describe how to enhance parent involvement and home carryover.

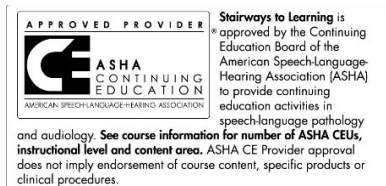

Workshop Agenda
